# ACDP is 100% against Tshwane Merger

The ACDP is a member of the Metsweding Demarcation Forum – a forum of civic and political organizations from across the spectrum. The forum was established in 2009 by the community of Metsweding in response to the unconstitutional merger of Metsweding to Tshwane. We say it's unconstitutional because neither the communities of Tshwane or Metsweding were consulted in any meaningful way and the results of the merger will be an effectively inaccessible (for most of us) centralized government that will reduce the ability of the man on the street to participate meaningfully in government processes. The ACDP believes in a federal system that allows for original constitutional powers to the lowest possible level – ie. Smaller, more accessible municipalities. The current route we're going will result in centralization – more power in less hands which leaves it more vulnerable to abuse.

## So, how will it affect ME?

- Higher rates, taxes and service charges for all;
- Fewer Wards – from 20 to 8 Mega-Wards; and Fewer Councillors. (Less chance to be represented by your choice of political party.);
- Distant, effectively inaccessible large centralized bureaucracy for most of us. (Making it much harder to participate in our local government - our democratic right as stipulated in the Constitution of SA.)
- Local job creation and economic development plans centralized to Tshwane resulting in less jobs for local educated and skilled, as well as unskilled youth,
