ACTIVITY LIST

FORMAL TEAMBUILDING:

Laser Adventures offer their clients the unique opportunity to have their team assessed, free of charge! By combining an anonymous questionnaire with a one hour activity, our skillful facilitators will be able to assess your team. This activity can be scheduled at the client's office or at a venue of choice. After assessing the team, we will be able to construct a tailor-made package to meet the team's individual and specific needs, whether it's building on their communication, trust, teamwork, creativity, diversity or even personality profiles.

“The single biggest problem in communication is the illusion that it has taken place.” - George Bernard Shaw
