OMNIBUS WARRANTY

OMNIBUS products are guaranteed against product and material defects for a period of 5 years from the date of invoice. This warranty shall only be valid if the product is installed correctly in accordance with OMNIBUS' Installation and Operating Instructions and accepted codes of good practice. It must be installed by a licensed technician in accordance with all relevant statutory and local authority requirements.

Further, the warranty shall be invalidated if, at any time, the product is used for an application which has not been recommended by OMNIBUS, or if it has been subject to incorrect maintenance or mishandling.

Any products, which have been supplied, but not manufactured by OMNIBUS, shall be subject to the warranty terms of the manufacturer. The warranty will only be in place if original OMNIBUS (or their supplier) parts are used.

Under the normal warranty procedure the local OMNIBUS Company or distributor will repair the product in their own workshop within normal working hours. The products will be repaired free of charge, but the cost of dismantling, transport and mounting in the installation will be paid by the end-user. All parts or products repaired will be delivered ex works. OMNIBUS has the choice of replacing product or doing the needed repair work.

During the warranty period, the repairs may also be carried out in approved local workshops at the expense of OMNIBUS, when a written approval has been obtained either from OMNIBUS or their local distributor.

OMNIBUS shall under no circumstances accept claims for third party liability or damage caused by the failure of any of the company's products.

OMNIBUS shall accept no liability for product failure caused by abnormal operation conditions, war, violence, storm, cataclysm, or other cases of force majeure.

The decision of OMNIBUS in relation to any claims or disputes over the warranty is final.
